

IM MEDIA PROMOTIONAL PRESS RELEASE

Alexander Semenyuk is a versatile writer and a Ukrainian-Swedish author of more than 20 books. He immigrated to the United States in 2001 at the age of 14. Today, he lives in Virginia with his wife and young son.

Alexander studied literature at Southern Virginia University. Later on, he completed a degree in divinity from the Christian Institute and served as a one-on-one counselor minister, something he still does, free of charge.

Love for Jesus Christ is what has driven Alexander's career, and within each of his 20+ books of various genres, one can always find Christian morals and philosophy.

Besides writing books, Alexander has grown a large audience on his faith-based blogs and had several interviews talking about his faith.

Alexander won several book awards, including the prestigious 5 Gold Stars from Literary Titan and Book of the Month on the *ManyBooks* website.

Since early childhood, Alexander has been taught about Jesus by his parents, but only as an adult did he begin to understand what true devotion and faith mean. He deeply loves the Scriptures, Christian fiction, and Christian/family films. Part of his family tradition is sharing these films and books with his son.

He hopes that he may continue to grow in his faith each day and offer his craft in serving God.

I was blown away by Alexander Semenyuk's novel, Mister Geist. It challenged me to rethink my worldview and inspired me to pursue a deeper relationship with Christ. His writing style is engaging, clear, and compelling. He combines biblical insights, character stories, and practical applications to make his message relevant and impactful. Alexander is in the process of appealing to filmmakers to convert the novel into a movie – and for good reasons. This book is a must-read for anyone who wants adventure, a captivating plot, to grow spiritually, and to discover the true meaning of compassion. -Author | Dr. Stephen Phinney
