

DR. STEPHEN R. PHINNEY

President Donald J. Trump

February 7, 2025

The White House
1600 Pennsylvania Avenue NW
Washington, D.C. 20500

Honorable Mr. President,

I hope this letter finds you resting in your faith. I am writing to express my eternal gratitude for your devoted work in upholding and fighting for the founding principles upon which our great country has been built. Your steadfast commitment to these values inspires me, and I deeply appreciate the tireless efforts you make to ensure the continued spiritual, prosperity and integrity of our nation.

I am grateful for your invitation to serve on the Presidential Task Force, the Conservative Caucus, and your Presidential Leadership Commission. It has been an honor to do so since 2020. Yes, I still have your letter framed on my wall.

I understand the immense level of propaganda that our country's enemies employ to undermine and destroy both you and the conservative citizens of the United States. This relentless campaign of misinformation and manipulation seeks to distort the truth, sow division, and erode the spiritual foundational principles upon which our nation is built. It is crucial to remain vigilant and discerning, recognizing these tactics for what they are, and standing firm in our commitment to truth, integrity, and the spiritual values that define us as a nation. However, I humbly offer a few suggestions.

As I am certain you already know this, our country doesn't need another politician; what we need is a businessman who can steadily rebuild our nation using a logical business methodology. By applying principles of spirituality, efficiency, strategic planning, and fiscal responsibility, a business-minded leader can address the complex challenges we face and drive sustainable growth, while removing corruptive forces within the walls of governance. This approach ensures that resources are allocated wisely, decisions are data-driven, and

long-term goals are prioritized over short-term political gains. It's time for a leader who understands the value of innovation, accountability, and practical solutions to guide us toward a prosperous future. Here are a few suggestions:

- **Faith and Actions:** I was deeply moved by you opening your first cabinet meeting with a prayer from a pastor. This marked your journey to be guided by God, whom we trust. I suggest repeating this gesture throughout your presidency—making God public frequently. To replenish and rebuild our nation, such visible actions as our country's forefathers practiced are required. I encourage you to keep your faith in Christ front and center.
- **President Zelenskyy:** For what it is worth, Mr. President, I do not trust this man. As you know, World War III is in Biblical prophecy. Furthermore, from my research, I believe this man is governed by dark players who support igniting such a war. Please know that I will pray for you and your team as you discuss a proposed partnership.
- **The European Union:** While I believe your tariff policies are spot on, I believe the European Union is noted in Biblical prophecies—noting the strong possibility of recruiting nations to come against Israel. I don't know all the "politics" behind this shift, but I know that the Word of God states that God will bless those who support Israel. I encourage you to sustain this blessing upon the United States through your decisions throughout your administration.

I am deeply grateful for the opportunity to speak directly with you, Mr. President. It is an honor to support you in your efforts to preserve One Nation Under God. Your dedication to upholding our country's founding principles inspires me, and I stand with you in your mission to ensure our great nation's continued prosperity and integrity. Thank you for your unwavering commitment to these values and leadership in these challenging times.

Your friend and faithful citizen,

Dr. Stephen Phinney

President and Founder

P. S.: I believe Judge Mark T. Boonstra, District Judge for Michigan Court of Appeals, a dear friend, whom you endorsed, would make an excellent Supreme Court Judge.
