

A complex collage of cultural symbols, including a blue speech bubble with the text 'CULTURAL NEGATIVITY', a sign with 'INSTEAD OF NEGATIVE PROGRESS', a blue rose, a skull on a screen, and various books and papers. In the foreground, a group of four people (three women and one man) are seated at a table with coffee cups and a bowl of food, looking towards the right. The background is a dense, colorful collage of these various elements.

PRIMARY WORLDVIEWS

# PRIMARY WORLDVIEWS

*By Dr. Stephen Phinney*

While there are droves of self-justified worldviews, looking at the basics that affect the End Times, there are only six, which matches the number and meaning of the “six” in the book of Revelation: (God’s worldview not included)

1. **Following Christian:** The word “Christian” is derived from combining the name Christ (from the Greek word meaning “anointed one” or “messiah”) and the suffix -ian (“to have the same qualities as”). In short, Christians are those who follow the teachings of Jesus Christ but do not necessarily accept the indwelling Biblical principles of “Christ in you.” Simply put, these people follow Christ’s teaching instead of releasing Jesus from within AS the teacher.
2. **Islamic Worldview:** The Islamic, or Muslim population, derives from the illegitimate son of Abraham, Ishmael. Their most recent prophet, Muhammad, established the beliefs of the Quran to return its people back to the heritage of Ishmael. They have been Israel’s greatest enemies since Ishmael and Isaac fought for the dominance of the birthrights of Abraham. Their god is Allah, who is the End Times god of global dominance.
3. **Pantheism Worldview:** Pantheism is one of the oldest gods of the gentile populous. In the Greek, it means all is god. This worldview allows the freedom to believe a wide array of belief systems by placing a “god” in objects or universal cosmic ideations such as the stars, moon, solar systems, etc.
4. **Naturalism Worldview:** Naturalism is the belief in science as a god. Its organic meaning is the doctrine that scientific laws are adequate to account for all phenomena. Naturalists believe that everything can be explained through natural causes (as opposed to supernatural ones). They adhere to Darwinism, secular humanism, and Marxism.
5. **Postmodernism Worldview:** Postmodernism is an intellectual and philosophical movement that rejects modernism, which derived from the European Masonic Enlightenment era - universalism. These believers reject the idea of objective truth itself. This means that truth is up to each individual’s perspective. This worldview is noted as the top global worldview in our modern era.
6. **Syncretism Worldview:** Syncretism defines a belief system that holds to the ideations of a worldview made up of a mixture of beliefs and values based on personal preference. These people blend all gods into one god. Out of all the Satanic worldviews, this is the most dangerous – for it points/directs all global gods to the single god, Satan’s Antichrist. This belief system is the most common worldview used by those who follow Jesus vs. those who are indwelt by him.

These are the six primary identity characteristics of the book of Revelation's Antichrist. The Antichrist will make use of followers of Christ to keep them from authentic salvation before the Rapture. He will use the Islamic populous to start a global war with Israel in the end. He will allow the world to believe in pantheism to redirect spiritual minds to worship himself through the False Prophet. He will use the naturalist group to advance his kingdom through the common elements of science. Satan will use the postmodern intellectuals to redirect individualized truth to sustain his collective global ideations and methodologies. Finally, Satan's favorite is syncretism, which he will use to blend all gods into himself being a god.

**THE SEVENTH WORLDVIEW:** I, nor the Hebrew God, include Satan's worldview within the context of God's view. God, Jesus Christ, and the Holy Spirit's worldview include:

- All human beings are born with a sinful nature; every choice humanity makes has eternal considerations and consequences.
- Knowing and receiving Jesus Christ, through the Holy Spirit, into one's mortal body is the only means to salvation – through sanctification within our mortal being, by confessing Jesus is Lord, confessing our sins, and dependence on His forgiveness.
- The entire Bible is TRUTH, which is Jesus is true, reliable, and relevant, making it alive and active for every indwelt person in all situations.
- Absolute moral truth exists because Jesus is moral—those truths are defined by God, described in the Bible, and unchanging across time and cultures.
- The ultimate purpose of human life is for the Father to choose His Son's Bridal member for eternity.
- The victorious indwelling Life is best understood as consistent obedience to God, Jesus Christ, through the indwelling Holy Spirit—in thoughts, words, and actions.
- All global events, past, present, and future, are orchestrated by God for His Divine Holy purposes.

**How does all this affect a Christian's (follower or born-again) worldview?**

Big time! The six worldviews of Satan affect the view of calamities, hardships, and persecutions that have occurred throughout church history – thus strongly affecting God's mission of salvation in Christ before it is too late, which is at the moment of the Rapture. With success in Satan's worldviews, he thinks he can deceive the masses into the fake peace he will offer in the Great Tribulation (reign of the antichrist). In our culture today, we already see the global masses turning on Israel. And this is the first of many signs that the 6,000 years of humanity are soon to come to an end.
